

QUEENS WHARF PROGRAMME OVERVIEW

Queens Wharf is made up of four main performance spaces – Forecourt, The Main Stage, Shed 10 and The Cloud

THE MAIN STAGE

The Main Stage concerts feature well-known New Zealand bands and musicians on the first four Fridays during RWC 2011 and during the weekends of the Quarter-finals, Semi-finals and Finals.

THE CLOUD

The Cloud is the hub of REAL New Zealand Showcase and REAL New Zealand Festival activity, with a full programme of events scheduled for each of the 45 days of the Tournament. Visitors can experience New Zealand's innovation and creativity first hand: the food, wine, fashion, marine, aviation, forestry, seafood and aquaculture, agribusiness and ICT sectors will all hold significant events and activities throughout the Tournament. The Cloud holds almost 6,000 people and will be used for concerts, as a Fanzone during RWC 2011 matches, as an international media and business lounge and for showcasing and hosting large-scale events.

TASTE AT THE CLOUD

Taste at the Cloud is a journey through New Zealand's exceptional food and beverage. Featuring four food zones: seaside, rural, winery/orchard and urban signature dishes designed by some of New Zealand's top chefs with perfectly matched beverages. Taste at The Cloud runs from 13 September until 23 October.

SHED 10

Shed 10 will be a great place to watch the Rugby and enjoy live music and entertainment in a relaxed setting. As well as screening every Rugby World Cup 2011 match live, Shed 10 also offers:
